

Dear Vendors/Exhibitors and Patrons,

Given the importance of the well-being and safety of our exhibitors, vendors, staff, and attendees, NAMES made the difficult decision to cancel the 2020 NAMES Exposition, scheduled for April 24-26, 2020.

The decision was made in response to the rapidly evolving public health situation involving COVID-19 and in coordination with Yack Arena, The City of Wyandotte, and Public Health Officials.

If you are a participating vendor, we will be in contact with you shortly in regards to a refund. Additional information will also be available on our website in the coming days. Please visit www.namesexposition.com.

We understand how disappointing this decision is for everyone. And we thank you for your continued support.

We look forward to seeing you all next year!

Sincerely,
The North American Model Engineering Society
Board of Directors
